## Durability with Quality

Prince Pipes began its journey in 1987, to revolutionize the plastic piping industry by offering innovative solutions in piping, drainage, storage, and other water management systems. Today, Prince Pipes has over 2700 piping SKUs across PVC, UPVC, CPVC, and PP-R. In 2023, Prince Pipes forayed into the bathware segment with the launch of Prince Bathware - a world-class range of faucets, showers, and sanitaryware. And now, Prince Pipes is set to add another gem to its crown with our range of Prince Duratap Tapware faucets and showers.

Manufactured using high-quality virgin-grade engineering polymer and crafted with precision, every product in our Duratap Tapware range has undergone a series of vigorous tests and stands tall on every performance parameter, such as torque, endurance, pressure, heat resistance, and hygiene. Showcasing aesthetic designs and intricate detailing, our PTMT range is a promise of durability with quality.

One of India's Largest Integrated Piping Solutions Providers

Strong Legacy of  
More than 4 Decades

**Comprehensive  
Product Range**  
Piping | Modern Plumbing  
Bathware | Tapware  
Water Tanks

Sustainable Solutions

Blend of  
Functionality & Design

Prince Pipes has been an integral part of  
millions of household. Now we bring you another durable and high-quality product.

## **Duratap from Prince Pipes and Fittings**

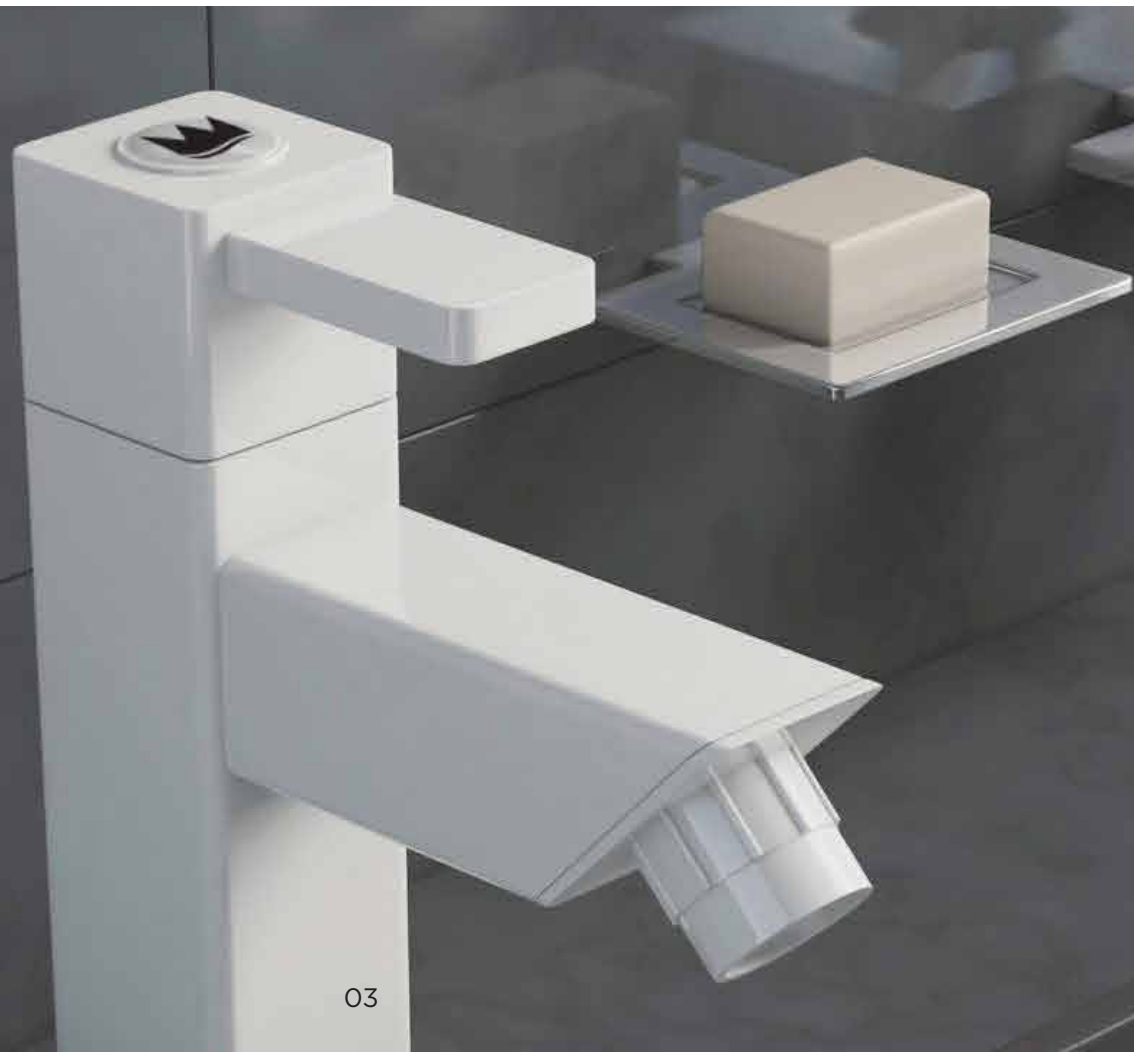

**One of India's largest integrated piping solutions providers and multi-polymer processors.**

### **PTMT Faucets**

Duratap Tapware are made of PTMT & are available in 4 different colours spread across 6 unique collections.

### **What is PTMT?**

Polytetra Methylene Terephthalate (PTMT) combines the advantages of both plastics and metals. Being a specially engineered plastic, PTMT has many advantages over other materials in terms of functionality and longevity. In addition to durability, PTMT also provides products with a glossy sheen that enhances their appearance. It protects them from scratches by resisting environmental stress. It is easy to clean with soap or detergent. Its anti-static characteristic keeps dust away.
